### Descrição

Perfil pretendido STARTUP

This startup is revolutionizing the way companies face digitalization. They believe that the world will be positively impacted by Technology and this startup is helping to make this shift. In concrete, they help entrepreneurs with tailor-made creation of apps and websites or during the launch of new businesses.

#### MAIN RESPONSIBILITIES

Communications: you'll design and execute the communications strategy of the startup, do clipping management and be the face of the startup for the press.

Event Management: you'll be in charge of the events and workshops of the startup (logistics, operations, communication,...) and to collect feedback/implementation of emergent solutions.

Public Relations: you'll be responsible for mapping and accompanying all the relationships with partners

Years of Experience: at least two.

#### NICE TO HAVE

Relevant academic background and eagerness to learn

Experience in Communications / Marketing

Passionate about new technologies, digital transformation, GAFA, ...

Proactivity and openness of thinking

Entrepreneurial mindset

Organization, autonomy and critical thinking

#### APPLICATION

tiago@ignition-program.com

#### IGNITION PROGRAM

Ignition Program is a recruiting French startup for startups! In our pool of clients we have a vast portfolio of startups (foodtech, fashion, greentech, tourism, health, ...) based in Portugal, France and Spain which want to find the best talent for their teams. We are focused on finding this talent by having a selective recruitment process and by matching it with the startups that fit their needs, ambitions and skills. In one week you can be presented to up to 5 opportunities - depending on your profile and on the needs of our startups. Moreover, we will coach you along the interviews with the startup and during your first year of activity!
